

Masonicare at Home

Homemaker/Companion

Caregivers you can trust to keep you safe and at home.

“Homecare is so important for my mom because it allows her to stay in her home. Masonicare is here for me — and my mom.”

~ Sally (daughter of client)

They’re wonderful. They’re great people to have around and I know they’ll be right here for me.”

~ Norma (Sally’s mom and client)

Masonicare at Home is a registered Homemaker-Companion Agency serving the rapidly growing need for non-medical home and community-based services.

We pride ourselves on finding the most compassionate, carefully screened and competent caregivers for you or your loved one. We serve clients up to 24-hours a day, seven days a week with service plans customized to meet your specific needs — whether short or long term.

Our Homemaker/Companions are caregivers who have many years’ experience serving the senior population. They assist with routine activities such as light housekeeping, meal preparation, laundry, grocery shopping and accompanying clients to appointments.

At Masonicare, we believe in caring for the whole person — mind, body and spirit — and continuing “an ageless commitment to caring” that has been the cornerstone of our organization for more than 100 years.
