RE: Campus Updates

We have had some questions arise regarding miscellaneous things across the campus.

- How many people can gather at a time? While wearing masks and social distancing, we allow four residents to gather at the outside tents. At the Duck and Dine, we allow two residents per table. At the pavilion, ten residents can gather at a time, and for meetings in the Auditorium we allow ten residents. If you’d like to play cards, there is a maximum of four people.
- A reminder to anyone playing outside games such as corn toss or bocce to wear gloves when playing.
- Effective 8/12/20, the Billiards room will be open. There can be up to four residents at a time in the room. Please ensure to sanitize your hands before and after playing billiards or wear gloves. We will be putting wipes in the room as well to sterilize the equipment. Please stop at the Bridgehouse front desk to get your temperature taken before visiting the Billiards room.
- The Library is open; please stop at the Bridgehouse front desk to get your temperature taken before visiting the Library.

Thank you.
